ArthriEze +

AspirEze™

Aspirin Granules

Indications:

AspirEze™ + aids in the temporary relief of pain and inflammation associated with arthritis and soft tissue pain in horses.

Product Advantages:

- Microencapsulated to enhance palatability and for ease of administration by horse owner, buffered for safety
- Apple flavored
- No odor or visual evidence of aspirin
- 30% smaller dose means less weight, less shelf space required
- Precise, effective dosage established through extensive clinical trials
- Very effective
- Tested safe for use in pregnant mares and senior horses
- May be used long-term for chronic conditions, such as arthritis and lameness

Active Ingredient:

Aspirin USP 2500mg per 17 grams

Ingredients:

Aspirin, rice hulls, anhydrous dextrose, molasses, calcium carbonate, soy oil, natural apple flavor.

Directions:

Give one level scoop daily to adult horses. One scoop is 17 grams (29cc) or approximately 2 slightly rounded tablespoons.

Packaging:

- 1.04 lb. (476 gram) jar (28 day supply), 12 per case
Unit UPC#: 7-45801-10548-5 / Case UPC# 1-07-45801-10548-5
- 3.15 lb. (1.43kg) pail (84 day supply), 4 per case
Unit UPC#: 7-45801-10549-2 / Case UPC# 1-07-45801-10549-2
