**INSTRUCCIONES DE USO:
AGITE BIEN ANTES DE USAR.
LEA TODA LA ETIQUETA Y SIGA LAS
INSTRUCCIONES DE USO.**

ANTES DE USAR

- Listo para usar.
- No lo utilice si se esperan temperaturas sobre los 29,4 °C.
- Rocíe durante las primeras horas de la mañana o en la tarde cuando está más fresco.
- No lo aplique bajo el sol de mediodía, ya que las hojas podrían quemarse temporalmente.
- Algunas plantas con tejido delicado y/o nuevos crecimientos delicados pueden ser sensibles a los aceites. Si no está seguro, pruebe rociando algunas hojas 1 día antes de rociar toda la planta. No lo use en plantas si observa la presencia de quemaduras y manchas en las hojas.
- Evite rociar las nuevas flores delicadas.
- A pesar que es poco probable que manche, como con la mayoría de los productos domésticos se recomienda que se pruebe si este producto mancha en un área poco notoria del panel de revestimiento exterior de la casa (especialmente en revestimientos de vinilo) y volver a revisar pasadas unas horas. No lo use en paneles de revestimiento exterior si se observan manchas. Se recomienda una duración de la prueba de 48 horas o más.
- Las plagas difíciles de controlar pueden requerir de 2 a 3 aplicaciones.

CÓMO USAR: Agite bien antes de usar

INSTRUCCIONES DE ROCIADO:

- Conecte el rociador a la manguera. Asegúrese de que la perilla indicadora de la boquilla se encuentre en la posición "OFF" (DESACTIVADO) detrás de la lengüeta de seguridad.
- Abra el paso de agua. Extienda la manguera hasta el área más lejana a tratar y vaya retrocediendo hacia el grifo para asegurar una cobertura completa.
- Para COMENZAR a rociar, sostenga el envase en forma vertical y apunte la boquilla hacia el sitio a tratar (no apunte hacia el suelo). Doble la pequeña lengüeta de seguridad de plástico hacia atrás con su pulgar y gire la perilla en dirección de las manecillas del reloj hasta que se detenga en la posición "ON" (ACTIVADO). El agua se mezclará automáticamente con el producto.
- Rocíe según se indica en las instrucciones para cada lugar de uso a continuación.
- Para PARAR de rociar, doble la lengüeta de seguridad de plástico pequeña hacia atrás y gírela en dirección contraria a las manecillas del reloj hasta que el indicador esté en la posición "OFF" detrás de la lengüeta de seguridad.
- Corte el agua. Para liberar la presión de agua antes de retirar el rociador de la manguera, doble la lengüeta de seguridad hacia atrás y gire la perilla hasta la posición "WATER" (AGUA) hasta que deje de salir agua. Luego vuelva a girarla hacia la posición "OFF".
- Desconecte el rociador de la manguera.

PARA APLICACIONES EN CÉSPEDES

MATA: Hormigas, escarabajos, cucarachas alemanas, grillos, moscas y mosquitos.

CÓMO APLICAR:

- Utilice toda la botella (0,95 litros) del insecticida en rociador concentrado EcoSMART® para tratar hasta 464,52 m² de césped.
- Aplique de forma pareja sobre el área deseada como un rociador de cobertura completa. Para un control óptimo de las plagas de la superficie, no riegue ni pade por 24 horas después de la aplicación.
- Repetir como se ven las plagas enumeradas.

SHAKE WELL BEFORE USING

ecosmart
-THE SAFE PESTICIDE BRAND-

INSECT KILLER
SPRAY FOR LAWNS & LANDSCAPES

The active ingredients in EcoSmart® Insect Killer Spray for Lawns and Landscapes consist of Sodium Lauryl Sulfate and a blend of essential plant oils, making it an effective insecticide that is environmentally friendly. <p>DIRECTIONS FOR USE: SHAKE WELL BEFORE EACH USE. READ ENTIRE LABEL AND USE ACCORDINGLY.</p> <p style="text-align: right;">↑ SHAKE WELL BEFORE EACH USE ↓</p>	
<p>BEFORE YOU USE</p> <ul style="list-style-type: none"> • Ready-to-use. • Do not use if temperatures are expected to be over 85° F. • Spray in early morning or evening when it is cooler. Do not apply in mid-day sunlight as temporary leaf burn may occur. • Some plants with tender tissue and/or tender new growth may be sensitive to oils. If not sure, test spray a few leaves one day before spraying entire plant. Do not use on plant if leaf burn or spotting is observed. • Avoid spraying new tender flower blooms. • While staining is unlikely, as with most household products, it is recommended that this product is tested for possible staining on an inconspicuous area of home siding (especially vinyl siding) and rechecked in a few hours. Do not use on siding if any staining is observed. A test duration of 48 hours or more is recommended. • Hard to control pests may require 2 to 3 applications. 	<p style="text-align: center;">FOR APPLICATIONS ON ORNAMENTAL TREES, SHRUBS AND FLOWERS</p> <p>HOW TO USE: Shake Well Before Each Use KILLS: Ants, beetles, flies, mosquitoes. HOW TO APPLY:</p> <ul style="list-style-type: none"> • Apply as a thorough foliar spray. • Wet leaves and branches to the dripping point. Try to spray underside of leaves and penetrate dense foliage. • Apply every 5 to 7 days when pests are present. • Repeat as listed pests are seen. <p>Note: Do not use on large trees or where pest populations are inaccessible to reach with spray as inadequate control will result.</p>
<p>HOW TO USE Shake Well Before Each Use</p> <p>SPRAYING DIRECTIONS:</p> <ul style="list-style-type: none"> • Connect sprayer to hose. Make sure the dial indicator on the nozzle is in the "OFF" position behind the safety tab. • Turn on water. Extend hose to the farthest area to be treated and work back towards the faucet to ensure complete coverage. • To BEGIN spraying, hold container upright and point nozzle toward treatment site (do not aim toward the ground). Bend the small plastic safety tab back with your thumb and turn knob clockwise until it stops in the "ON" position. Water will automatically mix with the product. • Spray as directed in the instructions for each use site below. • To STOP spraying, bend the small plastic safety tab back and turn dial counter-clockwise until the dial indicator is in the "OFF" position behind the safety tab. • Turn water off. To relieve pressure before removing sprayer from the hose, bend the safety tab back and turn dial to "WATER" until the water stops spraying. Then turn back to the "OFF" position. • Disconnect sprayer from hose. 	<p style="text-align: center;">FOR APPLICATIONS AROUND HOUSE FOUNDATIONS (PERIMETER TREATMENT), PORCHES & PATIOS</p> <p>HOW TO USE: Shake Well Before Using KILLS: Ants, beetles, German cockroaches, crickets, flies, and mosquitoes. HOW TO APPLY:</p> <ul style="list-style-type: none"> • To keep listed pests from entering the house, thoroughly spray a 2 foot band of soil around the house next to the foundation, and around porches and patios. • Also, spray the foundation of the house to a height of 2 feet. • Repeat every 3 to 4 weeks, or as listed pests are seen.
<p style="text-align: center;">FOR APPLICATIONS ON LAWNS</p> <p>HOW TO USE Shake Well Before Each Use</p> <p>KILLS: Ants, beetles, German cockroaches, crickets, flies, and mosquitoes. HOW TO APPLY:</p> <ul style="list-style-type: none"> • Use entire bottle (1 quart) of Ecosmart® Insect Killer Spray for lawns and landscapes to treat up to 5,000 sq ft of lawn. • Apply evenly over desired area as a thorough coverage spray. Delay watering or mowing for 24 hours after application for optimum control of surface pests. • Repeat as listed pests are seen. 	<p>PRECAUTIONARY STATEMENTS: This product contains wintergreen oil which may be harmful if swallowed and may irritate skin. Avoid contact with eyes & skin. Breathing vapors or mists may trigger breathing difficulty in asthmatics and others with allergies, physiological sensitivities or medical conditions. FIRST AID: If swallowed: Call a poison control center or doctor for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. STORAGE & DISPOSAL: Make sure the dial indicator is turned to "OFF" position behind the safety tab. Store in original container in a cool, dry area and avoid excess heat. Keep from freezing. Do not reuse container. Offer for recycling if available or discard in trash. LIMITATION OF LIABILITY: To the extent consistent with applicable law, Kittrich makes no warranties of merchantability or of fitness for a particular purpose, nor any other express or implied warranty except as stated above.
