BLUE LOTION

**Antiseptic Wound
Dressing and Gall Lotion**

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for additional precautionary statements

NET CONTENTS: 4 fl oz (118 ml)

Indications: A quick-drying, deep-penetrating antiseptic wound dressing and gall lotion. Effective against bacterial infection most common in skin lesions of horses and dogs. Use as an aid in treatment of surface wounds, minor cuts, skin abrasions, harness galls and saddle sores.

Directions: First clean and dry affected area to be treated. Then apply Blue Lotion generously with dauber cap directly onto lesions. Repeat applications daily or more often until healing takes place.

Caution: For external animal use only. In case of deep or puncture wounds or serious burns, consult veterinarian. If redness, irritation or swelling persists or increases, discontinue use and consult veterinarian. Avoid contact with the eyes and mucous membranes. Do not apply to large areas of the body. **Do not apply to cats.** Not for use on animals intended for food. Note that this product will stain clothing.

WARNING: Flammable!
Keep away from heat or open flame.
