DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRODUCT INFORMATION

This product is a ready-to-use insecticide which provides effective pest control against crawling insects. **Natural Guard Brand by ferti-lome® Diatomaceous Earth** is a mechanical insect killer. Insects cannot become immune to its action. Insects come in contact or ingest this powder and die in 48 hours.

This product is for use in and around residential, commercial and agricultural buildings, structures and their immediate surroundings, in and around food/feed handling establishments, in and around livestock and poultry houses and may be applied over the top while animals are present, on crops, and stored grain.

INDOOR AND OUTDOOR APPLICATIONS

This product is intended for application to hiding and runway areas and other places where insects are found. Remove cap from top of spout. Point directly to treatment area and squeeze bottle to apply product. Replace the cap on end of spout when finished applying.

Indoor Use: **Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Crickets and Silverfish:** Lightly coat a thin layer of **Natural Guard Brand by ferti-lome® Diatomaceous Earth** in areas where pests are found and may hide including cracks and crevices, behind and beneath refrigerators, cabinets, stoves, garbage cans and in and around sewer pipes and drains, window frames and in attics and basements. Dust insects directly if possible. Apply no more than once a week.

For Fleas: Thoroughly treat floor and bedding in and around pets sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting and wherever fleas are suspected.
