Instant Odor Eliminator

Concentrate

**(For industrial and commercial use only)
(Not intended for general retail sale)**

Net Contents: 1 Gallon

Odor Hunter immediately eliminates odors in commercial and industrial applications. For professionals involved in the control, reduction and removal of odors, Odor Hunter works fast on a broad spectrum of odors. Odor Hunter's unique mode of action causes it to bond with odor molecules, immediately stopping them from causing odor.

Odor Hunter hunts down and destroys odors originating from:

- nuisance animals
- kennels
- crawlspaces
- sewage
- skunks
- dumpsters
- bathrooms
- spoiled foods
- rodents
- trash receptacles
- floods
- metalworking fluids
- pets
- landfills
- smoke damage
- drains*
- dead animals
- damp, musty areas
- water damage
- urine deposits
- mold and mildew
- fire damage
- feces
- basements
- cigarette smoke

*Periodic applications of Odor Hunter Concentrate to drains and other breeding sites can eliminate the habitats of phorid, fruit and drain flies.

Odor Hunter is best deployed by:

- Pest Management Professionals
- Maintenance Professionals
- Veterinarians
- Mold Remediators
- Carpet Cleaning Professionals
- Commercial Processing Plants
(In air-scrubber systems)
- Restoration Contractors
- Air Quality Contractors
- Air Duct Cleaners
- Animal Control Companies
- Disaster Services
- Builders
- Commercial Processing Plants
(In effluent stack injection)

Odor Hunter is non-toxic and non-allergenic.

USE DIRECTIONS:

Concentrate

Odor Hunter Concentrate should be diluted in water. Use eye protection (safety glasses) when handling the concentrated product. Dilute Odor Hunter Concentrate (1:10) in clean water by adding one part of Odor Hunter in ten parts water (13 fluid ounces per gallon of water). Spray the solution immediately after mixing. Do not expose to direct sunlight. Do not apply to food contact surfaces. Over time, Odor Hunter may cause discoloration or corrosion to metal, old porcelain or worn plastic laminate. Test for compatibility with other products on a small scale before use on a large scale.

Do not mix Odor Hunter with ammonia-containing products or acids.

Ingredients: stabilized hydrated active complex, water, alcohol, pH balancer, tracer fragrance and surface tension agent.

Warning: May be harmful if swallowed. If swallowed, drink water and treat symptomatically. Do not spray toward face or eyes. Vapors may irritate eyes and skin. Use in well-ventilated areas. Avoid prolonged breathing of vapors. In case of eye contact, rinse eyes with clean water for 15 minutes. May temporarily cause floors to become slippery. Use caution on wet floors. For sensitive skin or prolonged use, wear long-sleeved shirt and pants, gloves and eye protection. Avoid prolonged contact on skin. If on skin, wash skin with clean water. If on clothes, remove and wash clothing. On fabrics and carpets, pretest on a small area for color fastness and water staining. Do not reuse empty container. Note: Not recommended for use by persons with heart conditions or chronic respiratory conditions such as asthma, emphysema or obstructive lung disease.
