

Nufarm
Polaris® AC
Complete

NON-SELECTIVE HERBICIDE

CONTROL WEEDS AND BRUSH IN MULTIPLE SETTINGS.

Nufarm Polaris® AC Complete offers superior, long-term control of undesirable vegetation in forestry sites, aquatic sites, grass pasture, rangeland, fencerows, wildlife openings and industrial non-cropland areas. Nufarm Polaris AC Complete provides all your vegetation control needs.

COMPETITIVE ADVANTAGES

- Broad-spectrum control of annual broadleaf and grass weeds, as well as vines and brambles and brush
- Complete label includes forestry, aquatic, and utility rights-of-way
- Concentrated formulation means there is less product to handle
- Outstanding control on hardwood species
- Readily absorbed through foliage roots
- May be applied on forestry sites containing temporary surface water
- Formulated in the United States

AT-A-GLANCE INFO

EPA REG. NO.	228-570
ACTIVE INGR.	imazapyr (53.1%)
FORMULATION	liquid
CHEM. FAMILY	imidazolinone
GROUP NO.	2
MODE OF ACT.	ALS inhibitor
REI	48 hours
SIGNAL WORD	caution
RESTRICTED	no
PACKAGE SIZE	1 qt container (4 per case), 2.5 gal container (2 per case), 15 gal container, 30 gal drum, 250 gal tote

CONTROL WEEDS AND BRUSH IN MULTIPLE SETTINGS.

KEY USES

Aquatic sites
 Dormant Bermudagrass and bahiagrass
 Forestry sites
 Grass pasture
 Industrial non-cropland areas (railroad, utility, pipeline and highway rights-of-way, utility plant sites, petroleum tank farms, pumping installations, storage areas, building perimeters, irrigation and non-irrigation ditchbanks, roads, transmission lines, industrial bare ground areas)
 Rangeland

KEY WEEDS CONTROLLED

(See product label for complete list)

Alder
 Alligator weed
 Annual bluegrass
 Bermudagrass
 Birch
 Cattail
 Chickweed, common
 Clover
 Cocklebur, common
 Dandelion
 Filaree
 Fleabane
 Foxtail; giant, green, yellow
 Guineagrass
 Henbit
 Johnsongrass
 Kochia
 Lambsquarters
 Maple
 Morningglory
 Oak
 Pigweed
 Plantain
 Poison ivy
 Poison oak
 Puncturevine
 Purslane
 Russian thistle
 Shepherd's-purse
 Sowthistle
 Spurge, annual
 Velvetleaf
 Water hyacinth
 Witchgrass
 Yellow woodsorrel

USE SUMMARY

WEED TYPE	RATE/ACRE
Aquatic	.5 to 3 pts
Grasses	1 to 3 pts
Broadleaf Weeds	1 to 3 pts
Vines and Brambles	.5 to 3 pts
Brush	2 to 3 pts

Naturally occurring biotypes of some weeds listed on this label may not be effectively controlled. If naturally occurring resistant biotypes are present in the area, Nufarm Polaris® AC Complete should be tank-mixed or applied sequentially with an appropriate registered herbicide with a different mode of action.

Nufarm Polaris AC Complete is an aqueous solution to be mixed with water and a surfactant and applied as a spray solution to control floating and emergent undesirable vegetation in or near bodies of water which may be flowing, non-flowing, or transient. This product may be applied to specified aquatic sites that include lakes, rivers, streams, ponds, seeps, drainage ditches, canals, reservoirs, swamps, bogs, marshes, estuaries, bays, brackish water, transitional areas between terrestrial and aquatic sites and seasonal wet areas. See the label for precautions, restrictions, and instructions on aquatic uses.

See label for complete directions for use.
