

TEE TIME NG SELECT™

GREEN PIGMENT ADDITIVE

Tee Time NG Select™ is a stable pigment designed to improve the turf aesthetic value which can be used as a visual spray pattern indicator for applicators. **Tee Time NG Select** can assist with making spray applications of turf chemicals, foliar fertilizers, plant growth regulators, herbicides and plant protectants more consistent and uniform spray applications.

Tee Time NG Select, when applied in late winter/early spring, can improve the consistency of spring green up and turfgrass transition.

Tee Time NG Select can be used to improve heat tolerance and postpone leaf senescence by reducing the stress on the plant and increasing the strength and plant durability.

Tee Time NG Select stimulates metabolism inside the turfgrass which promotes plant efficiency during environmental stresses and helps the turf to be more efficient.

TEE TIME NG SELECT[™]

GREEN PIGMENT ADDITIVE

GENERAL INFORMATION

Add to pesticide spray applications to enhance the green appearance of turf. Promotes uniform application of pesticide sprays by leaving a visual indication of spray patterns. Prevent missed spots where no pesticide control has been applied. Prevent costly overlaps where pesticide has already been applied.

Tee Time NG Select is a versatile, easy-to-use, non-toxic colorant for turf and ornamental, aquatic, industrial, municipal, utility, and rights-of-way applications of liquid pesticides and fertilizers. **Tee Time NG Select** shows applicators where they have sprayed and will help avoid costly oversprays and skips. **Tee Time NG Select** dissipates quickly in wet and dry weather and mixes completely with water soluble pesticides and fertilizers without affecting chemical efficacy.

DIRECTIONS FOR USE

Shake well before using.

Use Rates: (Adjust as needed for desired color intensity). For optimal performance, use from 15 to 20 oz. of **Tee Time NG Select** per acre of turf with 16 oz. suggested as the initial rate. ***Tee Time NG Select** will color any surface with which it comes in contact. Cover all surfaces near the area being sprayed that must remain color-free.

STORAGE AND DISPOSAL

Storage: Store in original container only. Keep container tightly closed and do not allow water to be introduced into the contents of this container. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment washwaters or spray waste. Do not store near heat or open flame.

Do not contaminate food or feed by leak, spill, or disposal of product. Do not store with oxidizing agents or ammonium nitrate.

Disposal: Dispose of empty containers by triple or pressure rinsing or equivalent, adding rinsate to the spray tank, then offer for recycling, or reconditioning, or puncture and dispose of according to state and local authorities. If burned, stay out of smoke.

Note: According to the U.S. Environmental Protection Agency, Office of Pesticides and Toxic Substances, no clearance is required of this product under 40 CFR 180, subpart D for use on non-food crops. This product is not approved for edible or food crop use.

WARRANTY STATEMENT
