

# FLEX-GUARD

## Fungicide

Flex-Guard is a preventive contact fungicide for golf course use that provides control of multiple diseases, including dollar spot, brown patch and leaf spot. The active ingredient, Fluazinam, is the only turf fungicide Classified by FRAC in Group 29. This unique class of chemistry, along with its multi-site mode of action, translates to minimal risk of fungicide resistance. When partnered with Chlorothalonil based fungicides, it provides season long contact protection.

### Features & Benefits

- Contains 4.17 pounds of fluazinam per gallon
- Unique multi-site contact active ingredient, with no known resistance
- Excellent control of dollar spot and other listed turf diseases
- Label allows for 12 applications per year.

### Active Ingredient

40% Fluazinam

### Effective Against
