

DeTour^{FOR}Rodents

A Bio-Repellent by PiGNX 

Introducing the DeTour Roadblock

Each Roadblock comes folded flat and easily “pops” open into a box in seconds

Roadblocks are pre-loaded with DeTour Rodent Bio-Repellent

Each Roadblock has two sticky tabs on the bottom to secure to floors, walls or rack legs

Roadblocks have a spot for company branding or ID and with a location for dating

Roadblocks have the PiGNX “warning” applied

Roadblocks are designed to be used in addition to the other DeTour products and in conjunction with the current rodent management program. Roadblock stations are designed to be used in areas where it is important to keep the DeTour covered.
