How to Use It

Shampoo bars are much easier to use than liquid shampoo (think luxurious lather and one hand use!) and they last much longer, too. For a relaxing bath time, simply wet your pet, hold the bar in your hand, then rub it onto his or her belly, neck and feet. Lather the coat and rinse. For deeper moisturizing and to comfort hot spots and insect bites, lather the coat and massage for a few minutes, then rinse.

Ingredients: Coconut oil, palm oil, shea butter, castor oil, neem oil, neem leaf extract, Aloe vera, vitamin E, honey, ground oats.
