## Safe to use on lawns and vegetation. For outdoor use only.

This organic repellent contains a complex blend of botanical oils and other all natural ingredients that will safely and effectively repel snakes from your yard, garden, flower beds, sheds, crawl spaces, woodpiles, under porches, decks & more.

**How it works:** Snakes gather information about their surroundings by collecting particles on their tongues and then passing their tongues over sensory organs inside their mouth (called the Jacobson's Organ). The ingredients in this repellent interferes with this sensory organ causing discomfort and confusion. Snakes are repelled by our formula and will avoid treated areas.

**DIRECTIONS:** For best results, apply on a dry day. **INITIAL APPLICATION:** Sprinkle an 8" wide band around area to be protected & broadcast interior area with repellent at the rate of 1 lb to a 8'x8' area. **MAINTENANCE APPLICATIONS:** Broadcast at the rate of 1 lb to 100 sq ft every 2-3 weeks to maintain control. Additional applications may be necessary. Effective through average periods of rain fall.

I Must Garden takes pride in providing safer alternatives for gardening and pest control. Our all natural products are safer around children and pets.

I Must Garden represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.
