

Add more speed to your bed bug program

Temprid® Dust swiftly tackles bed bugs for effective control. This innovative solution uses two modes of action in a formulation lighter than similar products for quick knockdown of pests in hard-to-reach areas. Together with Temprid® FX insecticide and TruDetx™ Bed Bug Rapid Test, it offers an additional layer of coverage, confidence and control.

Start eliminating bed bugs within 10 minutes¹ with Temprid[®] Dust

envu[™] Professional Pest Management

Temprid[®] Dust is a unique solution for pest management professionals looking to **control even resistant strains of bed bugs** with quick-acting, long-lasting power.

Three-way power:

Two active ingredients with unique modes of action

- + Beta-cyfluthrin (pyrethroid)
- + Flupyradifurone (butenolide) <all-new>
- + Silica aerogel carrier
Lighter formulation allows for more product in the bottle compared to other dusts

Key features:

Quick and easy-to-use control

- + Begins working in 10 minutes
- + Lasts for years in dry, undisturbed environments
- + Easy to apply in hard-to-reach harborages

Competitive comparison

- 1 hour after exposure to treated surface
- 4 hours after exposure to treated surface
- 24 hours after exposure to treated surface
